***How can your actions trigger the default APR?** If you default under any card agreement you have with us because you

- do not make the minimum payment when due,
- go over the credit line, or
- make a payment to us that is not honored,

all your APRs may automatically increase to the default APR. We set your default APR by reviewing (1) the seriousness of your default with us and (2) your credit history.

****How do we calculate variable rates?** For each billing period we calculate the Prime Rate two business days before the Closing Date. At that time, we select the highest Prime Rate published in *The Wall Street Journal* within the last ninety days.
