How We Will Calculate Your Balance: We use a method called "average daily balance (including new purchases)."

Loss of Introductory APR: We may end your Introductory APR and apply the Penalty APR if you do not pay at least the Minimum Payment Due within 60 days after its Payment Due Date.

Variable APRs for each billing period are based on the Prime Rate published in *The Wall Street Journal* 2 days before the Closing Date of the billing period. *The Wall Street Journal* may not publish the Prime Rate on that day. If it does not, we will use the Prime Rate from the previous day it was published. If the Prime Rate increases, variable APRs will increase. In that case, you may pay more interest and have a higher Minimum Payment Due. When the Prime Rate changes, the resulting changes to variable APRs take effect as of the first day of the billing period. Variable APRs are accurate as of 08/15/15.
