*Your APR for Purchases and Balance Transfers may vary monthly and will be reset on the first day of each billing cycle by adding the Index to a margin of 13.49, 16.49, or 19.49 percentage points. The APR for Cash Advances is determined monthly by adding the Index to a margin of 21.74 percentage points. The Index is determined monthly and it is the three month LIBOR (London Interbank Offered Rate) published in the northeastern edition of *The Wall Street Journal* in its Money Rates table on the first day of the preceding month rounded up to the nearest one-quarter of a percentage point. If the first day of the preceding month is not a business day, the Bank will use the three month LIBOR published on the next business day.
