How We Will Calculate Your Balance: We use a method called "average daily balance" (including new purchases). See your account agreement for more details.

Loss of Introductory APR: We may end your introductory APR if your payment is more than 30 days past due. Your regular rate will then apply.

Billing Rights: Information on your rights to dispute transactions and how to exercise those rights is provided in your account agreement.

Your APR may vary. The rate for purchases and balance transfers is determined by adding 5.99% to the Prime Rate. The rate for cash advances is determined by adding 10.99% to the Prime Rate. The Prime Rate is defined as the highest Prime Rate published in the Wall Street Journal on the 10th day of the calendar month prior to your billing cycle.
