**How We Will Calculate Your Balance:** We use a method called “average daily balance method (including current transactions).” See the Consumer Credit Card Cardholder Agreement & Disclosure for more details.

**Billing Rights:** Information on your rights to dispute transactions and how to exercise those rights is provided in the Consumer Credit Card Cardholder Agreement & Disclosure.

**How We Will Calculate Your Variable APRs:**

- Unless an introductory APR is in effect, we add a margin of between 7.74% and 18.74% to the Prime Rate to determine the APR for Purchases and Balance Transfers and a margin of between 18.74% and 21.74% for Cash Advances.
- Prime Rate: As published in *The Wall Street Journal* on the last business day of the preceding month; current rate is 3.25% as of August 31, 2015. See the Consumer Credit Card Cardholder Agreement & Disclosure for more details.

**Loss of Introductory APR:** If an introductory APR is applicable to Balance Transfers, we may end your introductory APR and apply the post-introductory Balance Transfer APR if all or part of your required minimum monthly payment is more than 60 days late.
